

construct tomorrow™

Construct Tomorrow is a program that brings the construction and building trades to high school students through an experiential learning process.

Students get to talk to young and experienced professionals about working in the trades, and they get to try hands-on activities that simulate what it's like to work on a real jobsite!

Since its inception in 2013, Construct Tomorrow has reached over 50,000 high school students across the state of Minnesota to bring awareness to the incredible post-secondary opportunities in the building and construction trades.

At the career-focused event, students will get the opportunity to:

- Try tools of the trades hands-on
- Talk to diverse tradespeople from multiple construction industries
- Learn about wages and benefits
- Discuss registered apprenticeship with industry professionals

APRIL 24 2024

BEMIDJI CURLING CLUB
1230 23RD ST NW
BEMIDJI, MN 56619

Registration for schools is open!
